With SOFT, UNI LUCE offers a highly original interpretation of an archetypical concept: a light source that is contained within the framing of a 3D rectangular shape. The SOFT is available in indoor and outdoor versions, as a ground, wall or ceiling fixture. The series integrates beautifully in both country-classic and contemporary homes, and is suitable for hotels and public buildings as well. The SOFT not only breathes new life into a classic concept, it also adds a detailed element of refinement. The sharply profiled framing in aluminium is utterly devoid of welding seams.
